Dear all the family of Schulbank e.v

I bring you greetings of love and great comfort that after 7 years in the family of Schulbank e.v, I have finally finished the second and biggest stage of my studies and successfully awarded a Diploma in nursing and midwifery.

I am truly full of great joy and I am truly grateful to you.

I am currently at a relative's house in Iringa town and I am preparing to return to the Mara Region (the region borders Kenya and Uganda to the north, Kagera and Mwanza Regions to the west, Simiyu Region to the south and Arusha Region to the west/East)

After completing my national exams I am currently waiting for the results while with the help of Schulbank Iringa office I continue to look for a job to afford my life.

I am still a Schulbank family and will remain one of the best examples of Schulbank Beneficiaries

Thank you very much

P. Nyandongo
